SITUATION SUMMARY

Highway 101 Closure, Burlingame, San Mateo County

On 8/28/15 at 2133 hours, a PG&E transmission tower collapsed, causing a big power surge in the Bay Area. A third-party construction crew with a crane struck the transmission tower causing high-powered transmission lines to fall onto the highway and stopping traffic for over six hours until PG&E could de-energize the lines and safely move drivers out of the way. The wait was due to the need for special equipment to arrive on scene.

- All lanes (northbound and southbound) of Highway 101 between Millbrae Avenue and Anza Boulevard in Burlingame, near San Francisco International Airport, are currently closed due to downed power lines across the freeway.
- While some drivers were trapped in their vehicles due to power lines being on them, there are no reports of injuries.
- Per CHP ENTAC, northbound traffic is being diverted at Anza Boulevard, and southbound traffic is being taken off at Millbrae Avenue. Once taken off the highway, traffic is being rerouted through local city streets and then back onto Highway 101.
- The closure is expected to remain in place until 1700 hours today, 08/29/15. Drivers are advised to seek alternate routes through the region such as Interstate 280 and El Camino.
- No power outages are reported at this time due to this incident.

SOC Activation for California Wildfires

- The State Operations Center (SOC) is activated at Level 1.
- The Coastal REOC is activated at Level 1.
- The Inland REOC is activated at Level 1.

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought
- Proclamation Continuance of Local Emergency for Drought received from Butte County dated 08/26/15

Proclamations

- A Proclamation from the City of Portola, Plumas County has been received due to a structure fire on Commercial Street in Portola which created a local water shortage, power outage, and toxic smoke emissions. There are no requests for State assistance.

Weather of Concern

- Red Flag Warning in effect until noon today for areas in El Dorado, Nevada, Placer Counties
- Red Flag Warning in effect until 1800 hours this evening for areas in Alpine, Madera, and Mono Counties
- High Wind Warning in effect until 1700 hours this afternoon for areas in Modoc County.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

An unseasonably strong front will rapidly move across northwest California tonight accompanied by rain and high elevation gusty winds through early Saturday morning.

Medford Weather:

Gusty southwest winds and dry conditions will continue over the Shasta Valley and east side into this evening, but conditions are expected to stay below warning criteria due to slightly increased humidities. Humidities are already much higher west of the Cascades and will continue to increase as a frontal system approaches.

Reno Weather:

Low pressure will move into the west coast this weekend. Winds are increasing this morning becoming windy through late this morning with breezy conditions continuing into the afternoon. A few showers will be possible mainly north of interstate 80 today. More typical winds and seasonably cooler temperatures are expected from Sunday into early next week.

San Francisco Weather:

A Pacific weather system will bring a chance of light into the morning hours today. Much cooler weather is forecast for this weekend. Dry and seasonably cool weather is expected next week.

WEATHER

WEATHER SYNOPSIS BY REGION:

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY:

Sacramento Weather:

Pacific system moving in Saturday is expected to bring chance of precipitation north of I-80. Cooler and drier conditions with below normal temperatures can be expected next week.

Hanford Weather:

Temperatures will cool to slightly below average this weekend and locally breezy conditions are expected as a low pressure system impacts. Temperatures should remain near average during next week as onshore flow continues. No precipitation is expected through the period.

SOUTHERN CALIFORNIA:

Los Angeles Weather:

High pressure over the Four Corners will result in another rather hot day in most areas today. An upper trough moving into the west coast will bring significant cooling Sunday through Monday with an increase in night through morning clouds and fog in coastal areas. A couple of troughs moving into the Pacific Northwest will keep temperatures below normal in most areas Tuesday through Friday

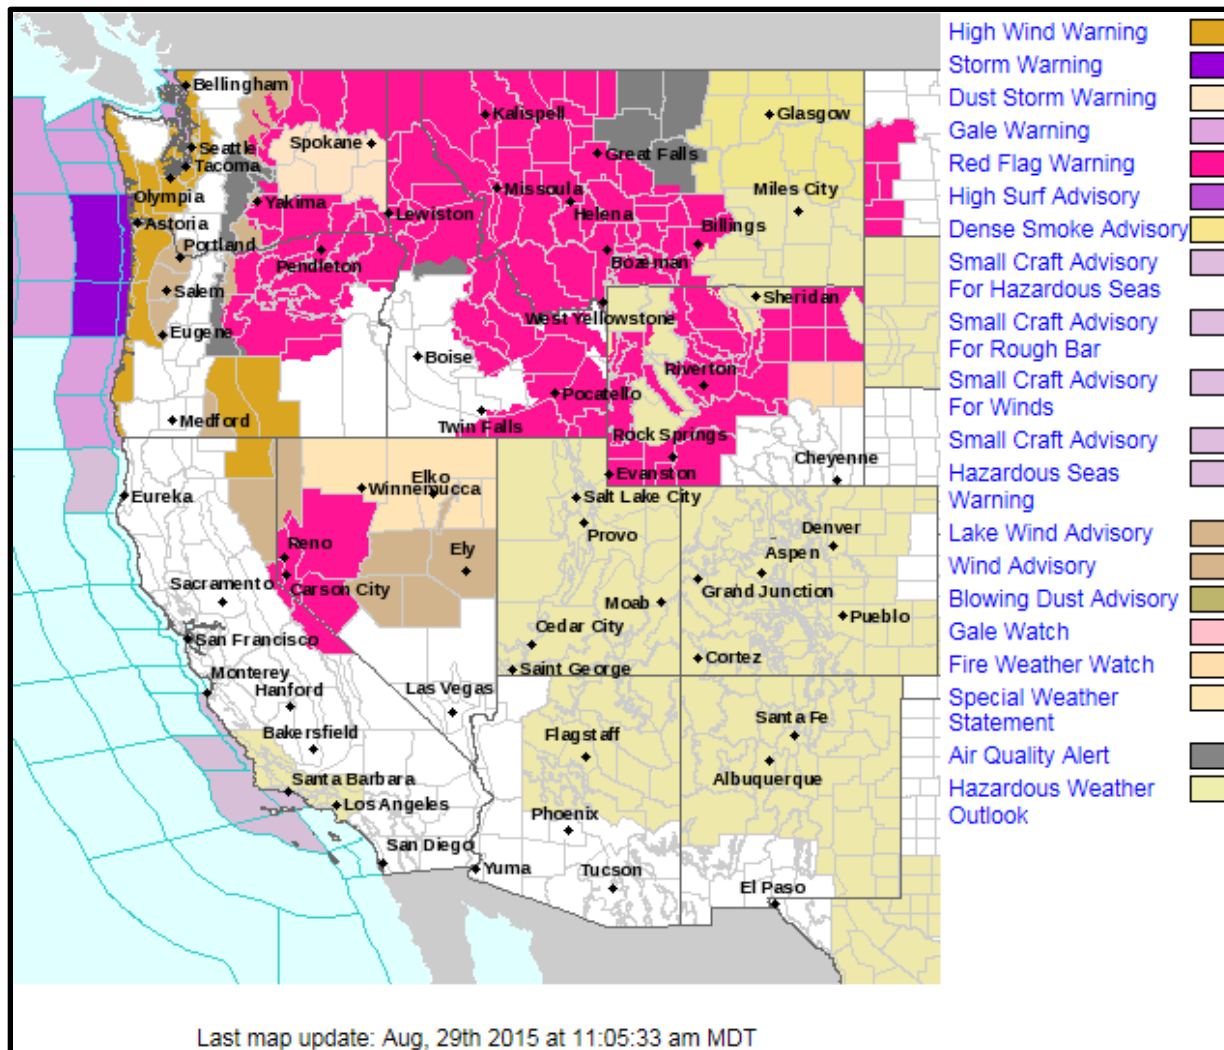

Extreme Southwestern California including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

High pressure aloft will continue the hot weather for inland areas today. For Sunday through next week, a trough of low pressure developing near the west coast will bring drier southwest flow aloft with stronger onshore lower level flow. This will bring an inland cooling trend and a deeper marine layer along with locally gusty west winds in the mountains and deserts each late afternoon through late evening.

Southeast California Weather:

Strong high pressure aloft will keep high temperatures well above seasonal normals today with hotter lower deserts reaching or exceeding 110. There will be sufficient moisture east of the lower Colorado River to support isolated to scattered afternoon and evening thunderstorms through Sunday.

SITUATION SUMMARY

FIRES, SOUTHERN OPERATIONS AREA

Rough, Vegetation Fire, Fresno County

Location: 5 miles north of Hume Lake and 2.5 miles southwest of Spanish Mountain

Jurisdiction: FRA

Start Time: 07/31/15 at 1933 hours

Per Cal OES, CAL FIRE, and/or ICS-209 as of [08/29/15 at 0559 hours](#):

- [61,316 Acres](#), 25% Contained
- Structures Threatened: 350 mixed commercial/residential
- Structures Destroyed: 1 nonresidential commercial property, 3 other minor structures

Evacuations: Mandatory Evacuation Areas:

- The Hume Lake Christian Conference was evacuated 08/18/15. Per the Cal OES Law Duty Officer (LDO) evacuation was accomplished in less than 2 ½ hours due in significant part to prior planning between Fresno Sheriff and the Camp Staff. The group of 750 to 1000 people were evacuated to a sister Church in Fresno for sheltering.
- There are 250 mandatory evacuations in the National Park Campgrounds in the immediate area of Hume Lake Christian Camp.
- There has been an evacuation of 32 private residences, believed to be all vacation homes in the Big Meadow and Heart Meadow Neighborhood.
- Approximately 1,500 campers in several Kings Canyon National Park Campgrounds located along 10 Mile Rd have been placed under mandatory evacuation. As of 8/24 the Grant Grove and Wilsonia area was opened to residents and visitors
- EOC Activations: Fresno County EOC [is activated at Level 1 through the weekend to monitor for any unexpected fire growth or emergency management impacts](#).
- The California Highway Patrol has also moved the road closure, which had been located at the intersection of Highway 180 and Hume Lake Road. The new road closure now sits further south on Highway 180 at Grant Grove Tree (approximately 2 miles north of the Hwy. 180 and Hwy. 198 interchange). The roadway will remain closed until authorities determine it is safe to reopen. The Sheriff's Office wants to make the public aware that no one will be allowed to enter the Hume Lake area; people will only be allowed to exit.
- Per CUEA, PG&E critical facilities and distribution assets are no longer in a high risk category for threats to power serving Central California. CAISO has reviewed PG&E facility locations that may be impacted by the fire and none of the locations would compromise the grid in any capacity. There would be no brownouts if these sites were impacted.
- Missions:
 - 2015-IREOC-15460 Two air monitors to Mariposa OA
 - 2015-IREOC-15468 One air monitor to Madera OA
- Local Government Resources: 69 local government engines and [2 watertenders](#) assigned

CAL OES 2014 DROUGHT

Cal EOC Incident – 2014 Drought

- The SOC is activated in support of the Drought State of Emergency and continue to monitor the situation.
- The Governor issued Executive Order B-26-14 on 09/19/14, to streamline relief efforts for families with drinking water shortages due to drought, specifically through the California Disaster Assistance Act, to provide temporary water supplies to households without water for drinking and/or sanitation purposes.
- The Governor issued Executive Order B-29-15 on 04/01/15 which announced actions that will save water, increase enforcement to prevent wasteful water use, streamline the state's drought response and invest in new technologies to make California more drought resilient.
- CDAA 2014 Drought Fact Sheet and Frequently Asked Questions provided to Regions for reference and distribution.
- Cal OES Recovery continues to coordinate the Community Impacts Workgroup conference calls. Currently, the calls take place on alternating Wednesdays.
- Cal OES Recovery/Individual Assistance finalized an updated 2015 version of the drought brochure of programs and services for individuals, businesses, farmers, and ranchers. It has been put on the Governor's Drought webpage. State agencies may put the following link to the brochure on their webpage <http://ca.gov/drought/pdf/Drought-Assistance-Brochure-2015.pdf>
- Cal OES Regions (Inland, Coastal, Southern) collective OA drought call is facilitated by the SOC every Monday at 1100 hours.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2015-LAW-15570 08/22/15, 1115 Hours:** Fresno County Sheriffs' Office requested assistance in the search for a missing hiker at Wishon Reservoir, which is in the Shaver Lake area of Fresno County. The missing person is a 63 year old female who was reported missing the afternoon of Thursday, August 20. The initial request included a helicopter capable of inserting small search teams into remote search areas at elevations exceeding 10,000 feet. Later requests included 50 ground search personnel, search dogs, infrared search capabilities and communications equipment. Search personnel responded from Yosemite National Park, Kern, Tulare, San Luis Obispo, Contra Costa, Santa Barbara, Ventura, Madera, San Mateo/BAMRU, Marin, Riverside and Monterey Counties. Kings Canyon National Park and the CHP assisted with helicopters. The California National Guard has supported the mission with medium lift and heavy lift helicopters. Cal OES T-Com deployed MIGU-5. The Air Force Rescue Coordination Center (AFRCC) facilitated the use of a Unmanned Aerial System for searches. The search has been severely hampered by smoke from the Rough Fire, which is adjacent to the search area. The smoke has restricted visibility and restricted the use of helicopters. As of Saturday, August 29, the search continues. This search has generated media interest. **Mission On-going**
